Italian Sausage Pizza - Sugo AUD16.90

italian sausage, black olives, mushrooms & oregano 16.90

I was shocked when this Italian Sausage pizza arrived with um... Italian Sausage! Typically, such pizzas are topped with Italian pork sausage that have been squeezed out of their cases while raw and made into meatballs. Taste-wise, the sausages were rather average, with none of the fennel one would expect from Italian sausage.

Perhaps I should have ordered the Italian Meatball pizza instead :)

Busy Italian restaurant that is quite good, if a little pricey.

This pizza looks so delicious! I have been craving Italian food like crazy, and this is exactly what I want. All of that yummy melted cheese just makes me what to lick my computer screen because it looks so good. I would give anything to have an Italian sausage pizza like the one that's been baked in your restaurant. It looks scrumptious!
